Sale broadcast live on:

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlines in the Red Angus Association of America Code of Ethical Sale Practices.

Dear Friends...

Welcome to our Annual Bull Sale. We are honored and consider it a blessing to serve you! This marks our 8th sale together. We believe the bulls and females we are offering to you continue to keep getting better and better. This is accomplished by increasing the quality of our females and using top quality bulls! We take advantage of AI, ET, and IVF breeding and then using bulls for natural service that produce calves equal to and better than most AI sires on the market today. Phenotype and performance are what guides our passion to raise the best quality Red Angus cattle that we can, so that in turn you can improve your herd and your bottom line.

We would like to thank the Tama Livestock Auction for allowing us the use of such a great facility and all their great help. They had their first Red Angus feeder calf sale this year and hope to continue to grow that market. If you have any questions please give them a call.

Study the pedigrees, EPDs and performance. We believe the bulls will speak for themselves. If you would like to view, the bulls they are in Vinton, IA on the Rich Red Angus farm, or give us a call if we can help with your selection in any way.

We thank you for your interest and may the good Lord bless you!

Sincerely,
Kurt, Mark, Mike and the Crew!

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale Manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

LIVESTOCK INSURANCE: Please tell the sales clerk when you check out if you would like to insure your purchases, and they will record the necessary information. All purchases are the buyer's responsibility as soon as they are sold.

RRA 114 is a flush mate to three bulls in last year's sale out of Phyllis 47. In five years of production she has earned over \$90,000 in sales of her progeny. Her calves have the phenotype and performance to add profitability to any cow herd. She has been a great addition to our herd and we are very blessed to have her. The two sons that we sold 1/2 semen interest in, we felt were too good to sell any possession of. We were honored by the many top breeders in the US and Canada that wanted a possession of them, but the short term gain is not what we are about, and we feel to use these two bulls naturally in our own herd will allow us to provide you, our valued customer, with top quality bulls for many years to come that will in turn make your cattle herd more valuable. That is our mission at Rich Red Angus. RRA 114 had our highest ADG at over 4 lb./day and a 16.4 REA @110 ratio.

RRA 106 is an ET flushmate to RRA 115 Absolute Power and a 1/2 sib to RRA Crimson Tide 135. They are the two bulls that were the high selling lots in the Denver Mile High Classic Sale at the 2012 National Western Stock Show. Half semen interest in these two bulls sold for \$22,500 and went to a syndicate of 11 seed tock producers put together by Red Cow Relocators, Stuart Gilbert, Stockport, IA. A full sister sold at the Mulberry Mayhem sale this past fall in Kansas for \$10,250 and a flush interest in another full sister also sold at the Mile High Classic for \$7,250. In last year's sale three full siblings sired by Red Dawg went to two top commercial cattlemen. RRA 106 is packed full of genetic potential. It will be exciting to see how he does for his new owner.

Lot 3

**Lot 3 -
Herd Bull Prospect!**

This bull may be the most complete bull we have raised in a while – growth and maternal all in an attractive package. His dam has a 103.3 MPPA. His sire, Mulberry, in my mind is the most popular Red Angus bull in the breed right now. Y12 scanned a 15.5 REA. Save his daughters for replacements. Be sure to look him up sale day!

RRA 107 is the cowman's kind. This New Chapter son just plain gets it done out of a great Firestorm cow. Study the pedigree here and then the performance and EPDs.

107 ranks in the top 3% of the breed in WW at 52 with an actual WW of 754 lbs. Top 4% YW at 91 with an actual YW of 1293 lbs., top 3% TM, top 12% Stay, top 32% Marb, top 5% CW and top 14% REA. Actual IMF 4.69 ratio 107 and a 13.6 REA ratio 100.

Here are three flush mates that I believe can go out and do a variety of good in any herd! It all starts with a great cow family. RRA Marie 237 is an own daughter of the \$50,000 Flo-Marie 185. RRA 237 has an MPPA of 104. The sire, Chateau 744, has been known for many many years for producing great females. Match him up with 237 and you get these three bulls that rank in the top ten of all our bulls on test for ADG. What I like about these bulls are their consistency. All three weighed 83 lbs. at birth. They weaned at 717 lbs., 684 lbs. and 735 lbs. Their yearling weights were 1311 lbs., 1219 lbs. and 1297 lbs. For three full brothers out of three different recipient cows I'd call that pretty good. If you are in the business to raise uniform calves that will calve easy, have top weaning weights, finish out heavy and raise top replacement females, these just might fit the ticket. Study the EPDs – a negative birth weight, WW top 25%, YW top 14%, milk top 10%, TM top 5%, HPG top 17%, CEM top 1 % and CW top 10%. These herd bull prospects are at the top of their game. MVP status!!!

Tama is a very long, well made bull calf with a lot of depth and the look of a HERD SIRE! Sired by Lamoni 716, the top selling bull in the 2008 sale selling for \$16,000. Lamoni, sired by the great Coley's Mojito 503, that topped the Mile High Sale for \$77,000. The dam of this bull is from the Cris cow family from Larson's in MT. The dam, Foster's Chis 419, is a super deep cow out of UBAR Grand Prix 102. 1419 has been a stand out since birth and done very well on test with ADG of 4.18 lbs. and a 15.26 REA ratio 107 in the group. I am retaining a 50% semen interest in this bull. Look up 1419 on sale day you won't be disappointed!!!

RRA 139 is the first of the Loaded calves. They all have good growth and a dark red color. RRA 139's dam is out of the Rachel cow family that produced the top selling heifer at the 2011 Kickoff Classic. RRA 139 had a 83 lb. BW, ratio 95. 721 lb. WW, rati 113 and a 1259 lb. YW, ratio 105. His WW, YW, and CW EPDs rank in the top 2% of the breed. With performance like this, this bull won't cost you a penny. He will make you dollars!

West River 138 is full of muscle and is as deep as Skaneateles Lake!! This bull can move like a cat and has one strongest pedigrees in the sale. His EPDs top 7% Milk and top 4% TM. Sired by a bull I raised – Foster West River 47 – going back the Bonnell cow family from Boot Jack. Out of UBAR Ms Forster 438 who has MPPA of 106 and hasn't missed since Kurt and I picked her out UBAR's Dispersal Sale. Super, easy keeping cow, has fantastic udder and good solid feet. We have flushed her four times for a total of 82 embryos! That's a maternal cow! This is a true Herd Bull prospect retaining 50% semen Interest. Co-owned with Rich Red Angus.

HERD BULL! RRA 128 is one of my favorite Signature sons we raised. I keep talking about pedigree and performance, but in my 30 years of raising cattle I've learned that "it takes a good one to raise a good one." 128's individual performance: BW 76 lbs.@96 ratio, WW 705 lbs.@111 ratio. YW 1343 lbs.@116 ratio, IMF 3.76 @ 109 ratio, REA 14.5 @ 99 ratio. The dam, RRA 988, is a first calf heifer out of Bonnebell R5771, who is a flush mate to High Capacity 224. 988's sire is Lamoni 716, who has been the most consistent sire we have used to date on our farm. This is a calving ease, herd sire prospect.
