Friday, November 3
10 a.m. Red Western Classic Show
6 p.m. Bet on Red Banquet Social Hour
7 p.m. Bet on Red Banquet Dinner
8 p.m. Banquet Fundraiser Auction

Saturday, November 4
10 a.m. Parade of sale animals
Noon Lunch sponsored by Bar H and Rafter C
1 p.m. Bet on Red Sale

Welcome to the 20th Annual Bet On Red Sale,

In 1997 at the direction of Jim Leachman the 1st Bet on Red sale, featuring the Northwest Red Angus Association members, was held in Reno, Nevada. Through membership growth and Red Angus expansion across the west the Northwest Red Angus Association has evolved into the Western States Red Angus Association. 2017 marks the 20th anniversary of this grand event which features the Red Western Classic Show on Friday, November 3rd and the Bet on Red Auction Saturday, November 4th. Lisa and I are certainly honored and excited to serve as sale managers for this prestigious event.

The Red Angus genetics coming from the Western States Red Angus Association are certainly some of the best in the world. Top quality cattle come from top quality breeders and I would challenge you to find a better set of cattle, embryos and semen anywhere this auction season. We would like to acknowledge the dedication these producers put into these consignments. In addition to great cattle this weekend offers a great time with a spirited banquet and social hour and of course all the activities going on at the Silver Legacy Casino.

If you are unable to join us in Reno please plan on tuning in via liveauctions.tv for both the Red Western Classic Show and the Bet on Red Auction. If you need any assistance be sure to contact Kyle, Lisa, any of the ringmen/buyer representatives or any member of the sale committee. There will be capable truckers available to get cattle nationwide from this event.

For all those of you able to attend, we look forward to seeing you in Reno!

Best Regards,
Lisa & Kyle Gilchrist

5L Out in Front 1701-457B

RAVN Defense C550

Weber Reform 618

PIE One of A Kind 510

C-T Red Rock 5033

— Donation Semen Lots —

Lot D1 – 5L Out in Front 1701-457B (#1725576)

10 Straws | Donated by: 9 Mile Ranch

HB 73 | GM 51 | CED 3 | BW 1.6 | WW 86 | YW 133 | Milk 15 | STAY 8 |
MARB 0.50 | REA 0.34 | FAT -0.00

5L Out In Front 1701-457B is the exclusively owned $100,000 bull selected from 5L Red Angus in the spring of 2015. His first calf progeny topped performance tests and sales around the country and earned Out In Front a growth trait leading proof with a 86 WW EPD and 133 YW EPD! Semen was exclusive until this spring, so you can still get in while this powerhouse sire is hot!

Lot D2 – RAVN Defense C550 (#3486928)

10 straws | Donated by: Bullis Creek Ranch

HB 112 | GM 52 | CED 7 | BW -2.1 | WW 54 | YW 81 | Milk 16 | STAY 10

MARB 0.93 | REA 0.51 | FAT -0.01

A top seller in the 2017 Ravenscroft sale, he is sired by 5L Defender who is the 9th highest usage bull in the Red Angus breed and his dam goes back to Feddes Atlas 867 a herd sire we owned that produced many good progeny for us. He left us a really good set of daughters. The dam side also goes back to the Tidy Bee cow family from the old Boot Jack Ranches. Defense has 10 traits in the top 35% of the breed or higher. He shows 126 Herdbuilder indices and a 53 for his Gridmaster indices. He had a IMF ratio of 125 and a rib eye ratio of 109. His performance was exemplary also with his birth weight ratio of 97, weaning ratio of 108, and a yearling ratio of 105. Defense could be one of the best balanced bulls you will find. Check out this muscular, eye appealing herd sire!

Lot D3 – Weber Reform 618 (#3535729)

5 straws | Donated by: VF Red Angus

HB 102 | GM 50 | CED 5 | BW 0.3 | WW 69 | YW 109 | Milk 23 | STAY 11
MARB 0.45 | REA 0.52 | FAT 0.06

Lot D4 – PIE One of A Kind 510 (#3503311)

10 straws | Donated by: Rocking Bar H Ranch

HB 127 | GM 50 | CED 8 | BW -1.3 | WW 83 | YW 128 | Milk 22 | STAY 11
MARB 0.23 | REA 0.16 | FAT 0.00

Pie One Of A Kind 510 is an extremely balanced bull. He stands and moves very correct. His first calf crop were stand outs in several herds. He is making them extra deep with added thickness all in a moderate frame. Co-owned with Piepers, Feddes, C-T, Klompien, Shell, Pacific Cascade and Blake Red Angus.

Lot D5 – C-T Red Rock 5033 (#3471552)

10 straws | Donated by: C-T Red Angus and Genex

HB 154 | GM 54 | CED 12 | BW -6.7 | WW 60 | YW 102 | Milk 26 | STAY 26
MARB 0.54 | REA 0.28 | FAT -0.01

Place your bets on this year's Bet on Red donation heifer, because Lorenzen Miss Lady Oracle 701 was creamed right off the top of the entire Lorenzen 2017 heifer crop! A thick, dark cherry red heifer with a royal pedigree and EPDs second to none! Lady Oracle 701 is one of the first calves to be sired by Brown Oracle who was the sire of the $15,000 high selling Red Angus bull at Lorenzens First Annual Fall Sale in California this past October! Lady Oracle 701 ranks in the top 35% or better for 11 different traits, and the top 10% for HB, GM, MILK, STAY, and MARB! Maternally, she is out of a 5L Night Watch granddaughter that posts a 106 MPPA.

Selling lottery style at $10/ticket to start the auction with the winning ticket being drawn at the conclusion and the heifer awarded to the winner. (i.e. $500 bid gets 50 tickets, $300 bid gets 30 ticket, etc.) **Good luck and remember the more tickets you buy, the better your chances to win!**

— Lorenzen Ranches —

Now going on our 4th generation, Lorenzen Ranches has been one of the longest running Red Angus herds in the breed since 1959. A family run business with headquarters east of Bend, OR on the high desert. We have two production sales offering over 300 bulls annually, our February sale in Central, OR, and our fall sale in California. We strive to be on the cutting edge of the seedstock business and have a very commercially focused operation. Visitors are always welcome to stop by to look at the cows or check out the bulls.

6R Sandy 726E – Lot 1

We kick off this year's Bet On Red catalog with a big, bold April heifer from the Avery's 6R Ranch of Oregon. Her impressive 777 lb. weaning weight combined with her deep ribbed, yet feminine designed profile make her one of the top open heifers in this offering. Junior members do not forget that the Bet On Red Futurity Classes of the 2018 Red Western Classic will be won or lost in your purchases on November 4th. This is a heifer that could certainly earn her investment back in the showring and go on to make a great replacement in your Red Angus herd at home. Bid and buy with confidence on this one!

6R Dina 714E – Lot 2

6R Ranch always comes to Reno with winning the Red Western Classic in mind. This paternal sister to Lot 1 is certainly a contender to take the March calf class on November 3rd. Her dam comes from the famed Dina cow family that originated in the Leachman program of Montana and was used super successfully in the Whitley herd of Alabama. Talk about environmental differences and yet this maternal bloodline excels across the North American continent. If you are looking for a well balanced, straight topped, super hipped heifer to show and then make a cow out of, look no further than Lot 2 in the 2017 Bet On Red Sale in Reno, Nevada!

Kool Breeze Liberty 7117 – Lot 3

This heifer from Kool Breeze is sired by one of the most exciting sires in the Red Angus breed today -- Silveiras Mission Nexus 1378! His ease of calving and producing extremely stylish and productive progeny has made him a main staple in nearly every Red Angus operation in North America plus he offers a top 13% WW, top 11% YW and top 7% REA EPD. Don't miss the stats on Kool Breeze Liberty 7117 herself, posting 6 EPD traits in the top 25% of the entire Red Angus breed! Lot 3 is another exciting open heifer that can be shown and then turned into a top quality cow for her new owner. Don't miss the 2017 Bet On Red Sale -- it is the place that future superstars come from.

Kool Breeze Larkaba 5717 – Lot 4

Kool Breeze Larkaba 5717 is a fancy made, February heifer with royalty bloodlines throughout her pedigree. Her grandsires combine two of the all-time popular bulls in the breed with the legendary female maker Red Fine Line Mulberry and Red SSS Oly 554T. Her great grandsires are no less impressive, lining up Compass Mulberry X Glacier Chateau X Ole's Oscar X Big Dawg! Megan Banwarth does an excellent job of developing her heifers and you can expect these fancy February females will be well advanced beyond their early deadline photo sessions by November 4th. If you can't make it to the auction, be sure and tune in via LiveAuctions.tv for both the Red Western Classic Show on November 3rd and the Bet On Red Sale November 4th.

C-T Fayette 7073 – Lot 5

Extra style and a phenotype that takes years of breeding to accomplish. C-T Fayette 7073 has notably surfaced in an extremely solid set of 2017 C-T heifer calves. The Fayette cows are a very maternal cow family from Glacier Red Angus. 7073 has a show stopping appearance with extra quarter and muscle. She has a balanced set of EPDs with 5 traits in the top 25%. These PIE One of a Kind 510 daughters are something to watch for in the future.

C-T Blockana 7096 – Lot 6

A powerful Premier daughter with extra length and style. These Blockana cows need no introduction and have risen to the top time and time again. C-T Blockana 7096 is no exception. She has solid data to back her up with 10 traits in top 20%. Her dam boasts a 106.1 MPPA and has been a big producing Conquest daughter. C-T Blockana 7096 will be competitive in the show ring but even more so in the pasture.

DT California Dream – Lot 7

The name says it all! California Dream is incredibly striking with depth of the rib that carries all the way back to her flank. A powerhouse for sure and possesses EPDs that match her quality appearance. Backed by a strong maternal cow family and an absolute pleasure to work with. Dam LJL Glacier 78 maintains a reputation of calves with tremendous rates-of-gain.

DT Quincy – Lot 8

Another heifer brought to us by Del Toro Red Angus and she will turn heads, no doubt! Quincy has a tremendous individual performance along with her sound structure and eye appeal. Neat through her front and level through her hips makes this heifer the perfect replacement in this competitive industry. A favorite to many, Quincy doesn't fail to stand out from the herd.

DCC Heavenly Lass 711 – Lot 9

Heavenly Lass 711 is one of the most balanced and progressive genotype heifers in the sale with 9 traits ranking in the top 25% of the entire Red Angus breed! Her sire is the prepotent Conquest X Hobo Design son from the Chuck Feddes operation of Montana and he touts a 156 Herdbuilder (top 10%) and a 52 Gridmaster! Lot 9's dam is an eleven year old cow and one of the top females in the Dial herd. Don't miss your chance at one of the top January born heifers in this spectacular showcase of Red Angus genetics from the Northwest!

Dunn Mattie E1701 – Lot 10

You can't balance a set of EPD numbers much better than this outstanding heifer from the Dunns of Oregon. Renowned for bringing some of the best Red Angus heifers to Reno year-after-year, the Double Eagle operation is one of the premier operations in the world. Dunn Mattie E1701 offers an amazing combination of top 9% 143 Herdbuilder with a top 2% .60 REA! If you value complete females that are highly maternal with exceptional carcass characteristics, get your hand in the air when Lot 10 sells in Reno, Nevada.

Dunn Sweetness E1702 – Lot 11

As an auctioneer, there are some sales that you look forward to year after year because of the quality of cattle offered. Reno and the Bet On Red Sale is one of those events for me because of the caliber of Red Angus breeders that bring their best to town to showcase their herd at home. As a buyer, I would expect you to feel this same excitement. These Dunn Acquisition daughters are top quality future Donor Matrons that offer upper percentiles in EPD stats. Dunn Sweetness E1702 comes with a top 5% Herdbuilder and top 1% HPG EPD. It is not hard to figure out where the auction excitement comes from in Reno!

9 Mile Abigail 7180-7401 – Lot 12

Abigail 7180-7401 is just an April heifer calf! She has a huge hip with unreal muscle shape, and yet she is super feminine, with loads of rib shape and a sharp front end.

Her sire, 5L Blockade 2218-30B, has created a buzz around the breed with his outstanding progeny. The top performing bull in 5L's 2015 sale, Blockade is sired by carcass leader, 5L Defender, and maternally he is out of a beautiful, milky outcross daughter of OCC Prototype.

Her dam, Ms Iron Ore A7180, was our pick of the heifer calves in Brown's Dispersal sale. She is sired by Australian outcross sire, Paringa Iron Ore E27, and her dam is a powerful daughter of Fine Line Mulberry that the Brown boys showed.

Brown Ms Iron Ore A7180
Dam of Lot 12

9 Mile Fall Crush 7163 – Lot 13

They don't make them much more cookie cutter sharp than Fall Crush 7163! This heifer is cool made, with a huge hip, big middle and that popular dark cherry red color.

She is the result of embryos 9 Mile purchased in the 2015 Wildcat Creek Dispersal sired by SSS Soldier 365W, the outcross Canadian sire that combines breed leading carcass traits.

The dam, Smash Miss 117S, was one of the stoutest and most prolific donors to come out of Wildcat Creek, averaging 15 embryos per flush. She is sired by Lazy MC Smash, and maternally is out of a daughter of the King of blow and go, Leachman King Rob 8621.

Jacobson Ginger 1086 – Lot 14

Sells with an August heifer calf sired by Huckleberry. What an amazing package offered by Megan Elwood and Radiant Reds of California. The cow is a terrific uddered and stoutly built Win-Chester X Doc Holliday female and her heifer calf is a very nicely designed Huckleberry daughter. If you are wanting to rapidly build a top quality Red Angus program, you get the chance to do that times 2 in Lot 14. If you are a junior hunting a future show prospect, don't forget that the heifer calf will qualify for the 2018 Futurity Class and help pay for your original investment. Very seldom do you get a chance to buy cow/calf pairs in the Bet On Red Sale -- don't miss your opportunity November 4th!

RR Matty D67 – Lot 15

What a productive female we have in RR Matty D67 selling as Lot 15. Backed by some of the all-time top sires of the breed including Mulberry, Wide Load, Sakic and No Equal, this November heifer touts a top 1% CEM. If you have a fall program, don't miss the opportunity you get here with an open heifer ready to breed to the bull of your choice. Megan & Kenny have been staunch supporters of the Bet On Red auctions for years -- this heifer will add to their record of top production females offered in one of the premier Red Angus sales in the country!

VF Reba 1604-411B – Lot 16

We are very excited to offer one of our best bred heifers at this year's Bet On Red. This Acquisition daughter embodies the functional kind that we are trying to replicate; moderate, easy-fleshing, sound at the ground, and incredible shape and width throughout. Maternally speaking, she's a direct daughter from our pick of the heifer calves at Bet On Red in 2014; a Packer daughter from the extremely consistent Reba Cow Family. To top it off, she is confirmed safe to calve January 15th, 2018 to our exciting Herd Bull, Gladiator, which is sure to make her first offspring very valuable. Come find her on sale day! She's worth studying.

If you're looking for an extremely competitive heifer calf that stems from a deadly consistent cow family, this Acquisition daughter is right up your alley. Not only is she extremely sound structured and attractive to study, but her mother just simply does not miss. 1340 is a beautiful cow in her own right, we had five heifer calves from her this spring and every single one is at the top end of our heifer calf crop. Make sure you find this heifer before she sells. She will definitely prove to be a good buy for several years to come.

Sire of Lots 16- 17

2017 is our first year consigning females to Bet on Red and we are offering two Beckton Nebula P P707 heifers. Rena is the second daughter out of a 6R cow, TidyBee 320, one of our foundation cows purchased from Randy and Ronda Avery. TheTidyBee cow is phenotypically sound, especially for stature, feet and legs and udder quality. She is a fertile cow never having had a second insemination.

Rena's sire, Nebula, is a foundation herd sire in the Red Angus breed with a Herdbuilder EPD of 191. This heifer has one of the best dispositions of any heifer in our herd. This heifer will make an outstanding cow in anyone's herd.

Sire of Lot 18

Here is our second Nebula heifer selling in this year's Bet on Red. She is the second calf out of one of our foundation cows, LJL Tony 44B, from Merle and Sue Eakin. The Tony cow is one of our favorites, exhibiting good maternal traits as well as a good disposition. She has never had a repeat breeding service. Her first calf, a Mulberry sired bull, is consigned to a bull sale in California this fall. And we believe this heifer's sire, Nebula, is one of the outstanding herd sires coming from the Beckton Stock Farm herd in Sheridan, Wyoming. Janice is one of our favorite heifers, and she will make a great addition to her new herd.

Sired by Grand Epic, the Beckton Epic X Feddes Blockana son that offers a top 1% MILK EPD of 32 and six traits ranking in the top 25% of the breed including a 10 CED to hit the top 16%. JRH Mimi 1716's individual stats include an impressive spread of 75 lb. birth weight to 738 lb. (111 ratio) weaning weight. Don't miss her top 4% WW & YW EPDs. These heifers will develop into great cows that will make an impact on their future herds. JRH Mimi 1716's dam is a top Udy cow that touts a 106.3 MPPA.

Lot 22 represents the top 2017 heifer produced by junior Red Angus member Ky Harris. Her dam has a rock-solid 105 MPPA and has five EPD traits in the top 25% of the breed. Like her two pasture mates, Miss Berrygood 1783 comes with a 75 lb. birth weight and excels to a 729 lb. weaning weight (ratio 109). If you are a junior member building your future herd, don't forget the Futurity Show that can pay dividends in 2018 for your Bet On Red investments. No photos available on these Harris heifers so be sure and check them out on LiveAuctions.tv if you cannot make it to Reno.

HRA Amy's Eden 707E – Lot 23

If you were at the show in Reno during the Convention in 2012, you'll remember this heifer's dam, RS Amy 1116. Purchased the previous year at the BOR from R&S Red Angus Ranch, RS Amy 1116 walked away with multiple banners, including the Junior Show Champion Female, Roy McPhee Memorial Futurity Champion, and Division winner in the open show. After her show career concluded, Amy went home to be a very productive cow, and remains in our herd today. Eden is her fifth calf, and reminds us of her mother as a young heifer ... super sound and correct in her design, this ultra feminine heifer is only going to get better with her age, if she's anything like her dam, and we think she is! She's green and only been weaned a few days at the time her catalog photo was taken, so check Kelly Haun's Facebook page closer to sale time for updated photos and videos. We made the choice to use Red Northline Rock Star 911U on the Chateau granddaughter to compliment the highly maternal qualities found in the top of her pedigree, with his power, style and performance traits. We have several Rock Star daughters in our herd, and not only do they make excellent cows, but they've produced quality heifers and bull calves alike. Her pedigree is unique, and combines classic and more modern Red Angus greatness! By sale day, this girl should be ready to follow in her mother's footsteps... make her a junior show prospect, or buy her to be a valuable addition to your cow herd, she can do both!

CK Marigold 7021 – Lot 24

CK Marigold 7021 is one of those heifers that is hard to let go. This deep bodied heifer has a 205 day weaning of 659 and has a WR of 104!! She packs the weight of a larger framed heifer on her moderate frame size. Her combination of spring of rib, beautiful front end, thickness, and dark red color make this heifer elite. Her disposition is exceptional – very mannerly and gentle. Add her to your front pasture to show off – she is going to make an excellent mama cow.

RBH Blockana 1725 – Lot 25

This is one fancy heifer out of our new sire (Pie One of Kind 510, co-owned with Pieper, Feddes, C-T, Klompien, Shell, Blake and Pacific Cascade Red Angus). This heifer has been a stand out since birth and has just kept going. Coming from a great Blockana cow family that consistently produces top cows. Her dam is a moderate framed beautiful uddered cow, that post's a 106.8 MPPA.

RBH Miss Pan 1713 – Lot 26

This is an exciting heifer out of the up and coming H2R Profitbuilder sire at Genex. This was our first year of using this bull and boy do we like what we see. This heifer had Reno written all over her from the day she hit the ground. These calves are stout made and this heifer is no exception with a 741 lb. WW. Her dam is an outstanding Miss Pan cow going back to Big Sky. Great opportunity to own a special heifer out of new genetics.

RS Lakota 510-706 – Lot 27

Not much more can be said about the Lakota cow-line except “Perfection”! Perfect udders, maternal leaders, superior carcass genetics and always very eye-appealing females, just like this elite entry from Rick and Sallie Hunt. She’s got it all! Her sire is an Andreas New Direction son, bringing the genetic material from some of the Angus breed’s most well known curve benders and carcass lines. Dark red and deep bodied, we can see that this daughter has body capacity and easy fleshing ability. Eye appeal and working genetics…..can’t do better than that! Don’t pass by this beauty!

Bar H Red Hot Nexa 512-702 Lot 28

Sam Hunt and his bride, Lauren, have brought a hottie to town! Red Hot Nexa is a full bodied Red Brylor Arson 55Y heifer. These Arson heifers just seem to get better and better. We all know his dam is a top daughter of Mulberry 26P. She’s packed with growth, phenotype and carcass traits that her sire and grandsire & dam are famous for. Her dam is a high powered cow from the Nexa line, cows that withstand the test of time. Her grand-dam is 17 years old, still working and looks great!!! The sire of her dam is an embryo bull from the TR Colt 45/C-Bar Frannie pairing. These lines are top of the breed in all the desirable traits. She’s a HOT ONE!

FlatIron Foxy 737 – Lot 29

She is the real deal and something special. Her pedigree goes back to Dunlouise Red Native F207 and would be outcrossed from anything here in the US. Then topped off with some Becton Epic R397 and Andras New Direction R240. This is a gem of a heifer and will be an added bonus to anyones program. We have only sold one other Native Fox heifer and that was at the NILE 2017. Actual BW 77 and Actual WW 736. Flatiron Native Fox 737 is ready to go to a new program and produce excellent offspring.

FlatIron Tina 725 – Lot 30

The first time we have ever offered a female out of one of our foundation cow families. She will hit her mark every time just as with all the females in this cow family. We started with a Tina cow in 2000 and her offspring continue to produce functional females with the strong maternal traits that are known in the Red Angus breed. She will go the distance in continuing to make excellent females sired by Brown Heritage U6509. There is no gamble in the quality of Flatiron Tina 725. Actual BW 61, actual WW 649, and she's out of a first calf heifer to boot.

DKK Impress 7138 – Lot 31

If you have a passion for class, performance, length, spring or rib, maternal ability, disposition and structure – expect to be "Impressed". An outcross to most breeding programs; here's a heifer to add considerable value to your herd. I cannot give enough compliments to her excellent mama – definitely one of the Klompien's favorite cows. Impress 7138's sire, Loosli Manhattan, is also consistently stamping his progeny with greatness.

DKK Starlette 7077 – Lot 32

Elegance, performance, structure, disposition – in a word "Bravura". This big-hipped beauty is the result of mating the best with the best. Her fabulous, deep-ribbed mama has a picture-perfect udder and is destined for the Klompien donor program. Her performance-minded sire was a high-seller in 2015 to Sun River. DKK Gentleman 468 is consistently producing some of the finest females in the business and DKK Starlette 7077 is most definitely proof of his ability.

LASO Leanna Y61E – Lot 33

One of the most talked about bulls in the past 2 years within Red Angus circles is without question, 5L Independence 560-298Y. This direct daughter from the Lautenschlager program exemplifies what the excitement is all about! Leanna Y16E's dam is a top ranked Basin Hobo 79E cow that boasts a 105 MPPA and has FIVE EPD traits in the TOP 9% of the breed! Some of the breed's top superstars of tomorrow will come out of the 2017 Bet On Red Sale. Lot 33 certainly may be one of them. Study this unique heifer's credentials and come to Reno ready to buy -- you will most likely elevate your program to the next level!

1Lee Haley 7101 – Lot 34

We are very happy with this heifers parentage. Her mother has become one of our top producers and is one of our embryo transplant cows. Her sire is TJS Buffalo Creek The Legend. He caught the eye of ORIgen and is now in their stud sire line up. She is classy and loaded with power. She will compliment any herd.

1Lee Queen Jewel 7102 – Lot 35

Queen Jewel is a stout made February heifer that is loaded with carcass traits and style. You would expect no less combining 5L Blockade with a Cherokee Canyon granddaughter. With a 727 lb. WW, a top 6% MARB, a top 9% REA and a top 4% Grid Master, the infusion of her genetics into your herd will be explosive. To top off all her performance and attributes, her dam excels within the Lee herd and boasts a 105 MPPA, she always raises a calf at the top of the pen.

3M Arson's Blastoff 301E – Lot 36

Here comes a goregous, dark red ET heifer calf from the newly formed group called 3M Cattle Initiative. The herd resides in California with Megan and Kenny Elwood. Mark Chriss and Bryan Mackenzie are the other two owners. 301E results from a flush bought in Denver from the Blastoff cow at Wiese's in Minnesota. She is a full sister to Mr. Forbidden (their dam is the famous Cita 4060 cow). A good recipe for catching the judges eye is fancy, long fronted and dark red…all traits that 301E possess.

3M 24Y Vidalia 302E – Lot 37

This ET heifer calf from 3M Cattle has a litte something for everyone. She has the form and function to make a classy show project. She has the pedigree and makeup to become a headliner kind of donor cow, too! The Kodiak 3A females have some of the best udders around. Kodiak's an outcross pedigreed bull that sold for $57,000 as a calf in 2013. The dam, 24Y, is an incredible Mulberry daughter that sold for $19,000 half interest to Blairs.Ag. She's now the main donor cow for 3M.

MaBee's Lady Takeover 444D – Lot 38

A.I. bred on 4/1/2017 to Feddes Silver Bow (#1687147), then pasture exposed to MaBee's Aces Full 41D (#3567512) from 4/15/2017 - 6/25/2017. Due to calve 1/9/2018. I have said many times how special the Bet On Red Sale is due to the quality of not only the cattle, but also the Red Angus breeders that bring them to this spectacular event. The Mabee Red Angus program has been regarded as one of the best across the entire North American continent and we are not only pleased but honored to have Byron & Doris in this year's event as sellers. Lot 38 is an impeccably bred Bieber Takeover daughter from a Wall Street X Mulberry cow. Her pregnancy status confirms that she is safe in calf to one of the top siring bulls in the industry -- Feddes Silver Bow! I predict Lady Takover will produce progeny that hit the top of some of the best sales in the country for her new owner. If you want to propel your program to the top of the Red Angus industry, buy this outstanding Red Angus bred heifer on November 4th!

MaBee Takeover Princess 65E
Lot 39

A paternal sister to Lot 38 with a striking similar profile in a year younger package. Her stats of 65 lb. birth weight to a 690 lb. weaning weight make her quite attractive and her top 1% REA EPD status puts the icing on the cake. This highly productive February heifer could no doubt be a serious contender in the Futurity Class. Just imagine getting the opportunity of mating her to the bull of your choice and creating those future sale toppers!

MMLV Lady Victory 20E – Lot 40

Oh WOW when you find a heifer with ten traits in the top 20% of the entire Red Angus breed. Oh double WOW when you find one with the phenotype and design that this February heifer exhibits. No junior project in the world can teach and motivate a junior member like a winning show heifer that develops into a money making brood cow. I would even go so far as to say this fancy heifer, loaded with numbers, will hit a Donor Program in her productive future!

MMLV Lady Acquisition 317 – Lot 41

Lot 41 is one of the most balanced EPD females in the 2017 Bet On Red Auction and is one of five Dunn Acquisition daughters in this offering. She is also another daughter from the famed Feddes Blockana tribe that is synonomous with top producing, maternal Red Angus females. With a big bold rib shape and a birth weight to weaning weight spread of 70. lb to 720 lb., MMLV Lady Acquisition 317 is a "must have" consignment. Don't come to Reno looking for one top female, come with expectations for a trailer load of top females . . . . . and make sure Lot 41 is on it when you leave town!

McPhee Pearl 5350 – Lot 42

MCPHEE PEARL 5350 is sired by ROYCE"S DUN RIGHT 44 who is our herdsire that packs all the performance needed, along with that show ring style. Pearls dam is an outstanding daughter of MCPHEE PACIFIC PRIDE who is beautifully uddered and ultrafeminine. MCPHEE PEARL is no slouch in the performance department either with her 104 WWR and 103 YWR. With 9 of her EPDs ranking in the top 25% of the breed and her WW, YW, MARB, and CW all in the top 4%. This is a feminine correct female with that show ring style that stacks herdsire performance. Selling with two straws of semen on any of our herdsires.

SUNR Larkaba 728 – Lot 43

This stout heifer has tremendous power and thickness, she has the potential to be a high performer. This heifer has a great maternal heritage with numbers that will work! She has 6 EPDs in top the 25% of the breed and is a carcass queen with her Marbling in the top 2% and her Ribeye in the top 10%. She is extremely sweet and will make an exceptional heifer for a junior to take to the next level!

SUNR Agnes 783 – Lot 44

Fancy, fancy, fancy! This heifer is flawless in her structure and has a poised look to boot. She is a moderate female with loads of shape with a deep rib. This beauty has 6 EPDs in the top 25% of the breed with both WW and YW in the top 9% -- expect her to add pounds and class to her calves. Don't miss out on this heifer -- she has the look of a champion and will be a great addition to your herd.

OWNG Kennedy 1706 – Lot 45

Mike & Lisa Owings are great consignors year-after-year to the Bet On Red Sale and have been to nearly everyone since its inception. This heifer exhibits the quality that comes out of their program and combines Mission Nexus X PIE Gridmaster X Glacier Logan 210! If you like a square hip, strong top, bold rib and feminine front, you will love their February heifer selling as Lot 45. All I can say after assembling the 2017 Bet On Red Sale catalog that I am glad that I am the auctioneer and not the judge in the February heifer calf class in the Red Western Classic!

Raisland Erica 704-218 – Lot 46

Raisland Erica 704-218 is another high quality heifer representing one of the best Red Angus operations in the country. The Raisland's are second generation Red Angus breeders that have topped many auctions over the past three decades and this heifer will be no exception. With her 77 lb. birth weight to 708 lb. weaning weight spread and four EPD traits in the top 15% of the entire Red Angus breed, this super long bodied January Titonka daughter will make a major impact on her future herd. Question is, will it be your herd she impacts? Make plans now to be in Reno November 4th!

Lodge Grass, MT / 406-639-9112 or 406-679-9113 / tjshick@nemont.net

Once again the Shick family is offering nothing but their best. Larkaba E014 is an absolute tank! She is loaded with rib shape, depth of body and muscle shape.

Her sire, 5L Blockade 2218-30B, would most likely be one of the breed's most used bulls if it wasn't for his untimely death last summer. The top performing bull in the '15 Mehlhoff bull sale, Blockade has lived up to all the expectations and more, siring progeny with powerful performance and unbelievable muscle shape.

The dam, Larkaba A091, is a beautiful young daughter of Leland Odyssey Y290, the $18,000 high selling bull from Leland's 2012 sale. Maternally she is backed by some of the best proven bulls in the business with breed leaders PIE Robo 7004, Julian 3811, Beckton Lancer F442, and Lchmn Gold Robber 1909E, the past National champion that was a top herdsire for the Bochsler's North Santiam Red Angus program in OR.

This gorgeous, high capacity, low maintenance donor is now 13 years old and is still in production; she has perfect feet (never been trimmed), and an excellent udder, structural soundness, and a great disposition. She posts a 107.7 MPPA - has an average WR of 109 and an average YW ratio of 111 on her natural calves. We mated her to 5L Independence for added calving ease, performance, and stayability. We are excited to see what this mating will bring! Selling three (3) embryos with a guarantee of one (1) pregnancy if put in by a certified embryo technician.

Selling a package of four (4) #1 grade embryos with a guarantee of two (2) 90-day pregnancies if implanted by a certified technician.

Holy cow! Here's a mating for the ages and I do mean WOW!!! Both the sire and dam are stellar, popular and just darn good! Franchise was the blowout bull this spring at $105,000. You talk about stirring the genetic pot, that's him! The dam, 49W, had a daughter top the Bet on Red Sale last year at $10,000. I understand she'll be back to compete this year. This is the mating that could elevate your herd to that next level.

Selling four (4) #1 embryos with one (1) guaranteed progeny. Some of the hottest genetics in the breed all in one package! Ms New Era is a direct daugther of the famous Abigrace L7730 cow out of the P707 son, Beckton New Era. Combined with Mulberry 26P, these should be special progeny. There were 19 embryos in this flush or we wouldn't be sharing!

Selling a package of four (4) #1 grade embryos with a guarantee of two (2) 90-day pregnancies if implanted by a certified technician. Here's an ET mating that just flat out will work nicely. Arson 85U was purchased back in 2009 to specifically breed to the Mulberry daughters in the Brylor herd. He was the $17,000 high seller at SSS. It didn't take long to pay for him when his first son (by a Mulberry daughter) brought $25,000!! 822W is big, bold and beautiful. She will be the feature donor cow at the new Canadian Mulberry Mayhem in December in Sask. She raised a $23,000 high seller in Brylor's 2016 Bull Sale.

Consigned by: **Brylor Ranch, Bryan and Sherry Mackenzie: 403-627-8266 and WRAZ Red Angus / Phil Birnie / 306-577-7440**

WRAZ and Brylor are consigning 20 straws to each of Kyle's four auctions. This is the only semen on Red Brylor Red Kodiak 3A that will be released for the fall 2017/Spring 2018 breeding season in the USA. 3A was a $57,500 half interest and his first progeny topped bull sales all over Canada and the United States. His grandsire is the black bull called HF Kodiak 5R that was used heavily and ended up selling for $150,000 in the Bases Loaded Sale in Denver. 3A's dam, 40Y, was a $14,000 half interest cow in Red Roundup 2015. She's a full ET Sister to Eberle 50Y. He's one of those bulls that quietly gets the job done but makes some noise with his progeny.

Consigned by: **Brylor Ranch, Bryan and Sherry Mackenzie: 403-627-8266**

Selling 20 straws of Red Brylor Big Rock 85T. Only 80 straws will be released on him for the 2017/2018 spring breeding season. If you need a bull that offers world class profile and style, then Big Rock is your bull! Since the Damar historic program came to a close in February, the resurgence in demand on Big Rock semen has been great. We held off releasing him through this fall. He is considered one of the mighty Mulberry's best sons ever. His daughters are gorgeous. Did you see the ones in the C-Bar sale catalog? Don't miss out – the semen opportunities here are limited this year.

— Sale Terms and Conditions —

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

For more information: Contact your Zoetis representative
Larry Gran, Cattle Genetics Specialist
(605) 641-3254 | larry.gran@zoetis.com
